

# Skywing Wind Turbine

# Skywing-M300 Wind Turbine

## Feature:

1. Start up speed only 1.0m/s.
2. multi blade design
3. blade material is nylon mold, weighs less than 160g
4. DC motor weight 10kgs
5. structure is simple, easy to install

## Specification:

Model No	SKYWING-M300
Max output ( W )	300W
Rated power ( DCV )	12/24VDC
Diameter Blade( mm )	999mm
Rated power	nylon
Yaw direction	Clockwise
Start up wind speed ( m/s )	1m/s
Survival wind speed ( m/s )	35m/s
Weight (kgs )	10kgs
Blade No.	6pcs
Location relative to tower	Upwind
